

Azteca & Shasta II Headed to the Vet

Azteca, a domestic dog misidentified as a wolf-dog, and low-content wolf-dog, Shasta II, went to TLC Pet Hospital. Azteca returned with a clean bill of health after having an ear and a swollen lymph node checked. Tragically, our beloved Shasta II, who was taken to the vet after appearing lethargic and not herself, was diagnosed with a spiral cell chest tumor that is attached to her lung and/or heart. The cancer is advanced and aggressive, and her tumor is too large to be removed without further complications. Caring for our Rescues as they age is one of the most rewarding and heartbreaking parts of our job. We are giving Shasta II the best care possible, and ensuring she is comfortable and feeling loved. You can help all of our Rescues by [becoming one of their sponsors](#). Thank you for sending positive thoughts to Shasta II.

EMPOWER THE PACK
Feed the Faces

Introducing Our *NEW* Empower the Pack Campaign!

We've launched our most transformative fundraiser yet in celebration of our 25 years! Our Empower the Pack campaign is focused on improving the overall health and happiness of our animal and human pack. This campaign will be broken into three unique phases. We've rolled out phase one, Feed the Faces, which will be followed by the Mark Our Territory and Home Sweet Habitat Campaigns in 2017. This fundraiser has replaced the Volunteer Village campaign announced this summer, though we will revisit that fundraiser in the future. Thank You to our fantastic supporters who donated, wrote testimonials, and helped us promote that campaign. We hope you'll consider [donating to our Empower the Pack fundraiser](#) this holiday season!

Help Support WSWs By Becoming a Fundraiser!

WSWS has partnered with Classy.org to develop our Empower the Pack campaign. With the help of Classy we will launch our first ever Peer to Peer campaign, enabling us to empower YOU to help us succeed! Peer to Peer campaigns allow supporters to set a fundraising goal and share their own version of our Empower the Pack campaign with friends, family and colleagues. We'll work with each Peer to Peer fundraiser to set up their campaign, and will reward our supporters with gifts when they reach their fundraising goal. Developing your own Peer to Peer campaign is a tremendous way to support us this holiday season that will cost you absolutely nothing! This Month's Meat Runs

Executive Director, Leyton, Assistant Director, Crystal, and volunteers, Patricia and Steve, picked up approximately 22,050 lbs of meat for our Rescues, logging 2,360 miles on our Sanctuary vehicles this month. Our friendly butcher donated around 19,400 lbs. of bones and cuttings from local hunters, and Gallup Community Pantry and Roadrunner Food Bank donated a combined 2,650 lbs. of domestic meats, such as raw poultry, beef, fish and pork. If you haven't yet, please check out our [Feed the Faces](#) campaign; proceeds will help us fix our freezers and improve our Wolf Kitchen, where all of our Rescues' food is prepared and stored!
